## Special Week Proclaimed

Mayor Bob English has proclaimed the week of October 12 - 18 as International Alpha Delta Kappa Week in Elba. ADK is an honorary sorority for women educators, who constitute a great portion of the nation's working force.

Alpha Upsilon is the local chapter, with its president being Mrs. Pauline

Allen; besides Elba, other members are from Enterprise, New Brockton and Goodman.

These women strive to serve their community and nation in educational, civic, cultural and charitable programs, which lead to happiness and peace among people.

## Flu Vaccine Available At Health Department

A limited amount of influenza vaccine has been received at the Coffee County Health Department, and Health officials have released the following information concerning the vaccine.

There will be two clinics only, a half day each. Times are:

Friday - October 17, 1980, 9 - 11:30 a.m.

Friday - October 24, 1980, 9 - 11:30 a.m.

The vaccine will be given to the elderly, those 65 years old and older and the chronically ill - people with chronic health problems, such as diabetes, diseases of the heart, lungs, kidneys or severe anemia.

"Because influenza is usually mild, and most people recover fully, routine vaccination of healthy children and adults is not usually emphasized," said Mrs. Ann Edwards of the Coffee County Health Department. "However, people of any age with the chronic conditions described above, and the elderly, should consider vaccination each year because they are at a greater risk of complications or death if they catch influenza," Mrs. Edwards added.

## Utility Re-Appoints Hawkins

The Elba Water and Electric Board met Tuesday at 5:30 with Chairman Charles Hayes presiding. The business was mostly routine, with review of late bills, meters pulled, bad checks, etc., and payment of \$5,829.38 in monthly bills.

The meeting times will be at 5 p.m. on the first Monday beginning next month.

Cleo Hawkins was

re-appointed to a term on the Alabama Electric Co-op Board. He was serving in that position and has received praise from full-time board employees for his work on committees.

The Board approved a motion to transfer some Water and Electric funds from out-of-town banks back to the two Elba banks. This will be done immediately. The money is reserve funds required by bond agreements and lower reserve requirements, plus interest earned on the reserves has accumulated.

## Clean-Up Underway In Elba

CLEANING UP THE CITY OF ELBA - This was a familiar scene around Elba for the past week as city employees put their backs into cleaning the streets and sidewalks of Elba.

Above, James Hall, left, and Charlie Johnson, right, are shown really making some signs as they carry out their assigned duties. Looking on and admiring the results is Avery Jackson.

Neither Jackson nor the photographer accepted the men's offer to use the extra shovel seen leaning on the parking meter post.

## Commission Business Routine

The Coffee County Commission met in regular session on Monday, October 13, at the courthouse in Enterprise, and handled only routine matters in a very brief meeting.

Present at the meeting were commissioners Gilmer Grant, Rex Boutwell, Bennie Beckham and Max J. Reeves, along with Probate Judge James L. Sawyer, Clerk Brunese Winston and County Engineer-Bill McClain. Also at Monday's meeting was commissioner-elect Charlie Mack Martin.

The bi-monthly meeting began at 10:00 a.m., and the first order of

business was to open bids on pipe to be used in the County Highway Depart-

ment. Bids were received from Brown Pipe Company, Choctaw, Southern Culvert and Fayco, Inc. The bids included prices on several sizes, and after careful examination by Engineer Bill McClain, Southern Culvert's low bid was accepted.

Only one bid was received for lumber products for the Highway Department, and it came from TMA Forest Products, of Andalusia. The bid was rejected due to an error in its specifications.

In other action at Monday's meeting, the Commission:

- \*\*\*approved a request from an Enterprise Army Reserve Unit to use the Farm Center as an alternate site in case of mobilization;
- \*\*\*received a letter from Sen. Mike Weeks asking about any local legislation that they wanted introduced in the 1981 session;
- \*\*\*stated progress was being made on new bath facilities requested downstairs at the jail;
- \*\*\*took no action on postponing a one-day vacation planned for Veteran's Day until November 28 (the current holiday is during tag buying season);
- \*\*\*approved the appointments of three members of the Damascus Water Authority;
- \*\*\*discussed their upcoming court hearing with Judge Arthur Gamble, and
- \*\*\*paid bills.

## School Board Looks At 2 Million Budget

The Elba City School Board met in its regular monthly meeting on Thursday of last week. Chairman J. Doug Kendrick presided over the meeting. On a motion by Paul King, the board agreed not to spend the necessary money to get a new roof installed on the middle school. They voted to notify the roofing contractor to continue repairing the leaks as required in his bonding agreement.

One additional EMR teacher will be hired for the elementary school from special education funds. Superintendent Elmer Taylor explained to the board that money was available for this and couldn't be used for anything else, in spite of proration and other needs.

Taylor reported that proration cost the local system \$44,510.55 last year and would probably cost \$58,266.25 in the current year.

A tentative budget was reviewed by the board. It called for income and expenditures of \$2,104,085.46 to operate the system during the current year.

The board will discuss with school principals the problem of many school groups and their fund-raising activities in the local community.

## Council Gives Approval To School Funds

The Elba City Council met Thursday afternoon in special session and approved a request from the School Board to borrow \$128,000 to supply the additional money needed to build the proposed 14-classroom wing onto the high school.

Efforts had been made to secure additional state funds but city officials were told no funds were available. The money will be borrowed from the local banks and will be paid back over a ten-year period.

Mayor Bob English received permission from the councilmen to borrow the money immediately and re-invest it on certificates of deposit if a net profit could be gained on the interest. Some funds are available from the 2-cent gasoline tax to repay this loan on a monthly basis.

Mayor English appointed Councilmen Cleo Hawkins and Sonny Inman to serve on an airport committee. They will determine the needs and services available on the airport, and report back to the Council.

POOR ORIGINAL

## Brainstorms

With Fernin Cox

The dream of the Elba Tigers becoming state champs is now almost completely out of the question in 1980, but to Elba folks they are still #1. The game in Troy Friday night was a spectator's ball game and the only bad thing in the whole game (to Elba folks) was the 13 points were on the wrong side of the scoreboard. A side note... leaving the stadium in Troy we were walking with a group of Troy students very happy over their "great ball team." They were justified in their pride, but they paused long enough to agree among themselves that "They (meaning Elba) sure do have a fine band." I guess the Troy students meant Elba had a better band than their own school... anyway we appreciated their comments even though they didn't know we were even there in the dark behind them.

Somewhere in this issue of the paper is a picture of two City of Elba employees cleaning up some long-ignored sidewalks. The comments we are hearing around town are all positive on this action. Usually we give the credit to the elected officials for this, but we are forgetting that without those folks who actually willingly put the muscle to the shovel and the hoe, there would be no streets of any kind, clean or dirty.

We have commented before about Governor Reagan's problem with bloopers during his speech-making. Now we read that all his speeches are reviewed in advance by Republican members of Congress with expertise in various areas to prevent such actions again. He may be able to pull it off, but we still don't expect it to happen.

If you really want to be ready for the cold winter ahead and have money to afford it, you can follow the lead of the energy-conscious Canadians and buy a quilt filled with eider ducks' soft breast feathers... at a price of \$3,200 each!

Work will get underway soon on the 14 new classrooms at the Elba High School. This project has been planned for several years, and target date for tearing down the old wing was last June. Since that date was missed badly, we hope present plans will not fall behind. School officials had visions of using the new wing next September, but now we wouldn't bet on any such timetable. For the project to get off the ground, it was necessary for the City Council to pledge an additional \$128,000 to the construction. Some of that will come from the present extra in the 2-cent gasoline tax that must, by law, be spent on the school, but the other... we ain't so sure.

There were a bunch of nice folks in Elba Tuesday night breaking bread with Marion and Nancy Brunson. The Coffee County Arts Alliance met and ate with the Brunsons... course it was a covered dish affair, which means in South Alabama that women prepare the one food they can best prepare, and the guests complain loudly about the hard decisions of choosing a dish to eat from, or suffer from overeating when they try to enjoy them all... yep, old editor is usually among the overeaters, and Tuesday night was no exception.

Several weeks ago we quoted some so-called experts in Washington and New York who were saying the end of the recession was here. Well, sir, we have had several folks stop us, grab us by the arm, and promise to show us where the recession HAD NOT ended. While nationwide figures apparently do show a slight trend upward, many South Alabama businesses are still smarting from the slowdown of 1980. But... it is going to get better... we promise! Both President Carter and Governor Reagan have said it was so.

Ye old editor rarely watches even a whole inning of a baseball game on the tube, but Saturday, went to make a picture and the family was in the middle of the playoff game and both teams were on the field fusing. We got to watching this as we moved around during the afternoon. We ended up watching the last of the game at home and were glued to the tube Sunday night as the game went into extra innings. Now we really have no desire to watch the World Series, 'cause these games can't be any better than what we saw Saturday and Sunday. Since the Yankees are out, we will continue to hope Kansas City loses.

If a fire starts in your home tonight,  
will you hear the smoke?

Smoke is the silent destroyer in house fires. Fires that start somewhere, every 45 minutes. If you could hear the smoke, you could save your family. Your home.

A smoke detector listens for smoke. And at the first trace, sounds an alarm. That you can hear.

A smoke and fire alarm is so sensible, that Cotton States Insurance is offering a 10% to 15% homeowners premium discount, for homes with a smoke detector or central alarm system installed. New or older homes qualify for this discount. On homeowners coverage that's already low-priced.

And, for a limited time, you can buy a Honeywell smoke detector from a Cotton States agent. At a price that you can't beat anywhere.

Saving you money on insurance is one thing. Helping you save a home or a life is worth calling a Cotton States agent.

## Edwards Honored On 42nd. Anniversary

Julius P. Edwards, President of Skinner Corporation, was honored on the anniversary of his forty-five years with Skinner Furniture Stores, with a party at the Lake Martin home of Mr. and Mrs. O.G. Skinner. Guests for the occasion were past and present Corporate employees, spouses, friends and family.

Mr. Edwards was hired in 1934 by the Tallapoosa, Alabama Skinner Furniture Store, as a porter and floor sweeper. He made \$9.00 a week, \$6.00 of which went for room and board.

In 6 months he was transferred to the Selma, Alabama store which handled used furniture. He then made \$12.50 a week, and set up housekeeping in the warehouse so that he could enjoy extra spending money.

Edwards learned to ride a bicycle so that he could make his collection rounds in Selma. After being transferred to West Point, Georgia and consequently to Alexander City, Alabama, Julie had to learn how to drive in order to make his rounds in a company truck. It was in Alex City that Julie first tasted the fruits of success when he was promoted to the dual role of bookkeeper and manager of that store.

In 1940, Edwards was again promoted, this time to the West Point, Georgia store as Assistant General Manager and Buyer for the entire Skinner chain. When Julie returned to Skinner's after serving his country during WWII, the company had three stores in Georgia and six in Alabama. Today there are 26 retail stores in Skinner operation, employing approximately 375 people. Gross annual sales for the chain average over \$20 million.

## City Advisory Committee

### To Meet

The Advisory Committee on Career Education within the Elba City School System will hold an orientation meeting on Monday night, October 20, at 6:00 p.m. in the office of the Superintendent of Education, Mr. Elmer Taylor.

This committee consists of ten people in the school community from Education, Professions, Industry and Business. They include Mrs. Ingrid Clark, Mrs. Dorothy Richardson, Mr. Waylon Sharpless, and Mr. Gaynes Waters - Education; Dr. Jim Clay - Professional; Mr. Ferrin Cox, Mr. Floyd Walker - Business; Mr. Phillip Scarborough, Mr. Raymond Tatum - Industry; Mr. Oscar Vaughan - Banking.

The mission goal of this career education project is to assist students in developing positive concepts toward themselves and others; acquire knowledge about various careers, generate realistic attitudes toward different jobs; and eventually develop an interest in a specific career area.

Mr. Edwards, who continues to be an active force in the success of the Skinner organization, received a forty-five year Service Pin from Mr. O.G. Skinner, Chairman of the Board.

## Jones Family Reunion Held

The descendants of the late George B. and Eliza Meeks Jones enjoyed a day together on August 31 at the Opp High School cafeteria. Their sons - Ernest Jones of Frostproof, Florida, and Randall Jones of El Paso, Texas, and daughters Mrs. Lena Grimes of Elba, Mrs. Allie Mae Moody of Opp, and Mrs. Ruby Hemphill of Lakeland, Florida - were all present for the occasion.

Remembering yesterday, meeting little-known relatives and the spreading of a beautiful lunch made it a day to be cherished. Ernest Jones gave a delightful background history of the Jones family that included memories of childhood for him and his brothers and sisters. Approximately 75 people were present for the day of activities. Special guests included Mrs. Ouida Leader of Biloxi and daughter of the late Alma Jones Hudson; Mrs. Alvin Jones, Mr. and Mrs. Edlow Jones, Jr., Barrett and Shane of Metairie, Louisiana, who is the family of the late Edlow Jones, Sr.

## Letters To The Editor

### Mr. Cox,

October the 8th my wallet containing a large amount of money and some valuable jewelry was stolen. By 2:00, the wallet and most of its contents had been recovered. I really appreciate the dedication with which all of the Police Dept. worked on this case. I would especially like to thank Chief Ray Norris, and Officers James Spurlin and Gary Brown.

I was very glad to recover my property and money, but more than that it gives me a good feeling to know that our Police Department is there for us when we need it. Once more, to all of the employees of the Elba City Police Dept., I sincerely thank you for all of your efforts on my behalf.

Thank you,  
Marsha L. Oggs

### Dear Mr. Cox:

Last Friday night at the Zion Chapel Homecoming, the Class of 1971 was honored. The members of the class were Lyndie Allen, Cheryl Cape, Elmer Carney, Shirley Best Carney, Dwyett Grantham, Jerome Grimm, Steve Hudson, Rex Hughes, Mike Jacobs, Serecia Kelley Adkins, David Layton, Randall Lee, Melissa Murphy, Dick Maddox, Nancy Moutry, Melvyn Newson, Paula Rugg Black, Eva Sherman, Janice Wambles Prescott, Pauline Wheeler, Leon Williams, Cheryl Williams, Johnny Willis, and Bonnie Ziglar Sanders.

The class was served supper in the Home Economics department. Mrs. Hilton, Home Ec instructor, was in charge of the room being prepared for the supper.

During the meal the class members had a chance to see old friends and catch up on what each had been doing since graduation.

**Homecoming Spirit**

BY: VICKIE ELLISON

Some say there are no such things as spirits, but you couldn't have proven that to the cheerleaders this past week, because there were spirits at Zion Chapel last week - homecoming spirit!

Although homecoming is exciting and fun, it includes a great deal of hard work.

Homecoming Spirit began floating around Monday morning when the cheerleaders started getting ready for this special week. Spirit ribbons were made to go on sale, and the halls were plastered in posters. It was decided that each homeroom would decorate for Homecoming. These rooms were to be judged and the grade with the most creative ideas would win a certificate.

The pep rally was to be special so it lasted a whole period. It took place on the football field, and grades Kindergarten through twelve were invited. The band performed and the cheerleaders had a little skit. Cheerleaders presented the football players with spirit bags which were full of candy.

## Band Prepares For Activities

BY: SANDRA MOBLEY

The week that began October 6 was a very busy and exciting one for the Zion Chapel Rebel Marching Band. The week was exciting because the band was preparing to perform for Homecoming and also preparing to enter their first marching contest in Phenix City, Alabama.

Band practice was held Monday afternoon until 4 o'clock, Tuesday until 5 o'clock, and Thursday until 5:30. In addition to the practices, the Color Guard practiced until 4:00 one Wednesday.

During the pep rally Friday, the band performed their half-time show for the entire student body and staff. This had been requested by the football team because they have never seen the band perform at half time.

If you remained in the stands when the ball game was over you saw another rivalry develop between county schools. This one took the form of a "battle of the bands!"

Zion Chapel's English II Class has completed a study of Geoffrey Chaucer.

Chaucer was a profound writer of English literature. Of all his works, he is best known for "The Canterbury Tales."

In their study of "The Canterbury Tales," the English II Class has learned the names and characteristics of each character. The class also had to learn the first eighteen lines of "The Prologue" of "The Canterbury Tales" in Middle English.

## FHA Makes Plans

BY: VICKIE ELLISON

The Future Homemakers have finalized their plans for the year and now the club has started to work to implement these plans.

The first action was to appoint a nominating committee to nominate officers for the year. Those nominated and elected by the club were:

President - Judy Helms

Vice-President - Lisa Taylor

Secretary - Allison Maddox

Treasurer - Allie Mincy

Historian - Rhonda Baker

Recreational Leader - Denise Lott

Program Chairman - Brenda Liptrout

The officers met and planned programs for each month of the year. In

October there will be a program on energy and a craft demonstration will be presented in November. In December the FHA members will make a special visit to the Elba Nursing Home. In January a program on women protecting themselves will be presented. A program on drugs will be presented in February, and in March a nutrition party will be given for ZC athletes. In April a special program on being a parent will be presented. A puppet show will be presented to the elementary school and in May Ms. McDonald will give a program on China.

## Christian Group TRUTH Speaks Word In Song

TRUTH is made up of 18 college-age musicians who are constantly on the road. And that road has led them from their beginning in Mobile, Ala., to New England, the West coast, Alaska, Jamaica, Mexico, Canada and on a tour of Europe.

TRUTH's leader/founder Roger Breland grew up in Mobile, and as he recalls, music was always special to him. "Music was the one thing that put a real ring in my heart."

TRUTH members are selected mostly by Breland and they come from a dozen states and as many denominations. Auditions are held everywhere they go. Breland says, "I can hear them sing 'Amazing Grace' and know if they can do it or not."

A TRUTH concert usually runs 90 minutes to two hours, depending on the situation, and the group will sing from 10 to 18 songs plus share briefly how they feel God is working in their lives.

Breland talks with the audience, trying to put them at ease. He says, "you try to break down all the barriers that could possibly hurt the communication factor." If this is not done quickly, he notes, "you're dead."

Breland feels TRUTH is the kind of group "where you have to sit down and give us a chance. And if you'll let us through one of our concerts and test our spirit, I believe that it's possible you may not like us. But, I also believe, given an opportunity, that you can't say we're dishonest in what we're doing spiritually."

Breland sums it up this way: "The bottom line in life is not how much money we're going to make, how

many people we're going to sing in front of, how many friends we're going to make -- the bottom line is what are you going to do about the cross where God demonstrated His love for us when Jesus died for us?"

TRUTH will be appearing at Westside Baptist Church on October 25, at 7:30 p.m. There will be a free-will offering. The public is invited.

Local pastors, lay leaders and state and denominational workers will appear on the program.

Special music will be presented by the church choir and ministers of music in the Association. Rev. J.F. Kelley is director of Missions and David Richburg, pastor of Whitewater Baptist Church, is moderator.

The Coffee County Baptist Association will hold their 73rd Annual Session on Thursday and Friday, Oct. 16 and 17.

The first session will start at 6:30 p.m. on Thursday, at Mt. Pleasant Baptist Church, where pastor is Dr. E.A. McKelvey.

The second session will start at 9:00 a.m. on Friday at Mt. Pleasant Baptist Church, where the pastor is Harry J. Rhodes.

## Jerod Jinright Is One Year Old

JEROD JINRIGHT

Little Jerod Jinright, son of Edward and Nickie Jinright, celebrated his first birthday on October 11, 1980.

Because of the kindness and love that has been shown to him by the residents at Elba Nursing Home during this first year, Jerod shared this special occasion with a party on October 10 at 1:30 p.m. in the resident dining room of the Nursing Home. Everyone enjoyed cake, punch, potato chips, and mints. Jerod gave the group bags of candy as party favors.

Others sharing this birthday celebration with him were: Jamie Hall and his Mom, Debbie Hall; Angie Jinright and parents, Robert and Jackie Jinright; Joseph Sanders and Mom, Kaye Sanders; grandparents, Mr. and Mrs. Frank Sexton, and Friends, Mrs. Pastine Johnson, Lorene Bryan, Milla Bowtell, and staff members of Elba Nursing Home.

**He's Not The Man He Used To Be**

We often hear the expression, "He's not the man he used to be." Usually this is said with a sigh or a note of sadness as one speaks of what time and life have done to a person. Indeed it is sad to see life degenerating, whether it be physically, mentally, or spiritually.

Today I do not wish to speak of people growing old, but rather I want to speak of another change that can take place in a person's life. The words, "He's not the man he used to be," need not be said with remorse. In fact they can be well welcome and joyful words. I have seen people change so that these words have been said about them with radiance and peace. They have been changed by the years; they can also become evil, selfish and immoral.

I met a man sometime ago and hardly recognized him. My slowness to place him was not due to the long years he had been apart, but due to the change that had taken place in him. He was clean-shaven, well-dressed, and carried a smile and a peaceful expression. When he had last known him, he was shabby, gruff, and foul-mouthed. When he saw that I was slow to recognize him, he said, "Preacher, I'm not the man I used to be." He said it with a smile and pride. He then went on to tell me that a year ago he had turned his messed-up life over to the Christ and the Lord had made him a new man. I knew as I talked with him that this was not just words -- he had a new spirit and a new outlook on life. By the grace of God, he was not the man he used to be, but he was a better man.

This is a tremendous hope for countless thousands. This is the message that we as Christians need to bear -- that people do not have to go on being the same old sinful, unhappy, mixed-up person. Everyone can be a NEW person through Christ who redeems us and "makes all things new." When we live as Christians into our lives, we can have a new mind -- the mind of Christ. We can have a new strength -- the strength that enables us to "do all things through Christ Who strengthens us." We become new in service as we begin to work for Christ and for others instead of thinking only of self. The Church is a good place to begin. In the Church Christ is lifted up and His people gather, not only to worship and praise Him, but to understand each other in spiritual growth.

If you are unhappy and dissatisfied with your life, go to the church of your choice this Sunday and make the first step in "making all things new."

PRESSBOXBy Ricky Mularz

Well, folks, we aren't going to go undefeated; and unless a miracle happens, we won't be returning to the state grid playoffs. However, the season is a long way from being over, and we may now find out just how good our team really is! Elba's football team was picked Number 1 in pre-season polls, and withstood all the pressure for six weeks as they held on to their lofty ranking. Now the top ranking is gone, and it's time to relax and enjoy playing football. The Tigers have a big group of seniors who have a lot of pride, and I think they'll come out on Friday night against Ashford and show the whole state just how good they are. Just because we're not Number 1 doesn't mean we're not still the best!

Another thing I'm anxious to see is how our fans react following last week's 13-0 loss to Troy. The Elba fans almost filled up their side in huge Memorial Stadium last week, and I hope everyone turns out during our big 3-week home stand. Once Elba's fans were just "good time" fans, and I remember games where the empty seats outnumbered the fans. For the last 3 years our fans have been great, and I hope they'll stay that way, even though we lost a crucial area game. Remember, folks - it's the same team we've been cheering for all year, and they deserve our support. Let's let 'em know we are behind them all the way!

I went to the Pensacola Open last week and really enjoyed watching the pros. A big crowd was on hand to see a strong field, and the way it turned out, the tourney wasn't decided until the last hole. A few things I'll remember about this year's tourney are - Howard Twilly knocking in a 190-yard iron shot for an eagle; Lynn Lott 3-putting from only eight feet out, to turn a sure eagle into a par on an easy par 5 hole; Buddy Gardner missing every fairway I saw him drive on; Jim Colbert making 3 straight birdies, and Mac McClendon hitting a tee-shot over my head and out of bounds.

A lot of people like to compare scores to figure out who has the best team; and while it is fun, it doesn't always mean a whole lot. For example - would you believe Rice should be ranked in the Top 10? Here is how it goes: Stanford beat Oklahoma, Boston College beat Villanova, Auburn beat Boston College, Richmond beat Villanova, Auburn beat Richmond, LSU beat Auburn, and Rice beat LSU! See what kind of fun you can have, and who should be near the top!

The Alabama High School Athletic Association is working hard to compile a state record book for football, and the other day, while looking at the book, I saw a name I knew - Boyd Deal, of Zion Chapel. Boyd, a senior this year, is in the record book for "Most Field Goals in a Game," and is tied with two other former prep stars. The record is "9" in a game, a feat accomplished by Boyd last year in a 9-0 win over Louisville. The field goals were 27, 32 and 41 yards. Congratulations, Boyd, on being in the record book!

There were some wild games last week, and a couple of scores were really high. Here is a list of last week's highlights:

• Elba played lowly Bullock County and rolled to a lopsided 78-14 win.

• Elba remained undefeated with a big 62-0 win over winless Straughn.

• Elba continued to close in on clinching an Area crown with a 53-8 win over Northside.

• And, Courtland clubbed Hazel Green 56-8.

Ye ole Polish Prognosticator came in late this week and was mad about the Zion Chapel fans cheering wildly when it was announced that Elba was losing to Troy. I did manage to calm him down, but he made it clear he was hoping Brantley would give him something to cheer about this week!

Last week he hit on 20 of 25 picks, or 80%, and maybe he's finally getting hot. Here are this week's picks...

**ELBA VS. ASHFORD**

The Tigers are down after last week's loss, and unless they wake up, they could be in trouble. Picking Elba's win to show their pride!

Elba 14 - Ashford 10

**BRANTLEY VS. ZION CHAPEL**

These two clubs have a combined record of 1 win and 11 losses. Not exactly the game of the week, but it should be quite a battle!

Brantley 14 - Zion Chapel 12

**KINSTON VS. HIGHLAND HOME**

The Bulldogs have hit a nosedive and may be on the verge of slipping to another losing season. It might be a long ride home!

Highland Home 26 - Kinston 8

# TIGERS ROAR, BUT TROJANS SCORE

Tiger runner Dale Stinson (21) attempts to leap over a defender as he heads upfield. Closing in on the tackle is Bobby Andrews (41).

Fullback Ted Horstead (44) barrels through a hole in the Troy defense as Elba puts together a good drive at the opening of second half.

Elba's Coach Mack Wood listens to linebacker-fullback Ted Horstead (44) during a break in the action. Also pictured is Assistant Coach Willie Tyson.

The Elba Tigers made two costly mistakes last Friday night - one in the first quarter and one in the fourth - and Troy cashed in on both opportunities to post a 13-0 win over the previously unbeaten and top-ranked Tigers.

The win upped Troy's record to 6-0, 4-0 in the Area, while Elba's chart slipped to 5-1, 3-1 in the Area. Troy won the toss and elected to receive, but the Trojan wishbone couldn't budge the Elba defense, and Todd Rainey was called on to punt. Elba put the ball in play on the 50-yard line, and following a big loss on a reverse, began to move. A 22-yard pass from Russell Kelley to Chris English got Elba rolling, and then a 15-yard penalty on a quarterback sack got Elba to the Trojan 28-yard line. The drive bogged down, however, and a fourth-down pass fell incomplete as Troy took over. The Trojans again failed to make a first down, and were forced to punt, with Elba taking over at their 18. Elba found the going tough, and on fourth down sent in Dewayne Rushing to punt. The punter couldn't handle the snap and fumbled the ball, picked it up and tried to punt, but by then it was too late and a gang of Trojans blocked the kick.

Troy now had the ball on the 18-yard line and had momentum; however, the Elba defense remained tough and stopped 'em cold on two straight plays. Facing a third down and 10, Troy quarterback John Clark turned upfield on an option and rambled 17 yards to the one-yard line. One play later Clark sneaked in for a touchdown and Alex White added the extra point as Troy went on top 7-0 with 2:29 left in the first quarter.

Elba got down to the Troy 38-yard line late in the second stanza, but failed to get any closer. The Tiger defense held Troy to no first downs in the quarter, and forced them to punt after all four possessions. However, Troy's defense was also tough and at the half Troy maintained the lead at 7-0.

Elba received the second half kick and began a 45-yard drive that took 14 plays and ate up nearly 7 minutes off the clock. Ted Horstead, filling in for his injured brother, Don, gained 26 yards on 5 carries early in the drive, and sparked the march as Elba moved to a first down at the Trojan 29-yard line. The drive fizzled out and a fourth-down pass fell incomplete, as Elba saw their second scoring chance of the game go down the drain!

The Tigers got the ball right back on a punt and moved back into Trojan territory, but again saw a drive bog down and punted the ball.

Elba got the ball back following yet another punt, but it was time for Mistake Number 2, as the Tigers fumbled and Troy took over on the 37-yard line. The Trojans moved down close as a fumble turned into a big 15-yard gain, and fullback Jerry Beverly climaxed the march on a 3-yard plunge for a touchdown. The extra point failed, but with only 5:26 left in the game, Troy had stretched its lead to 13-0. Neither club would mount any offense for the remainder of the game, and when the final seconds were counted off, Troy had the win 13-0.

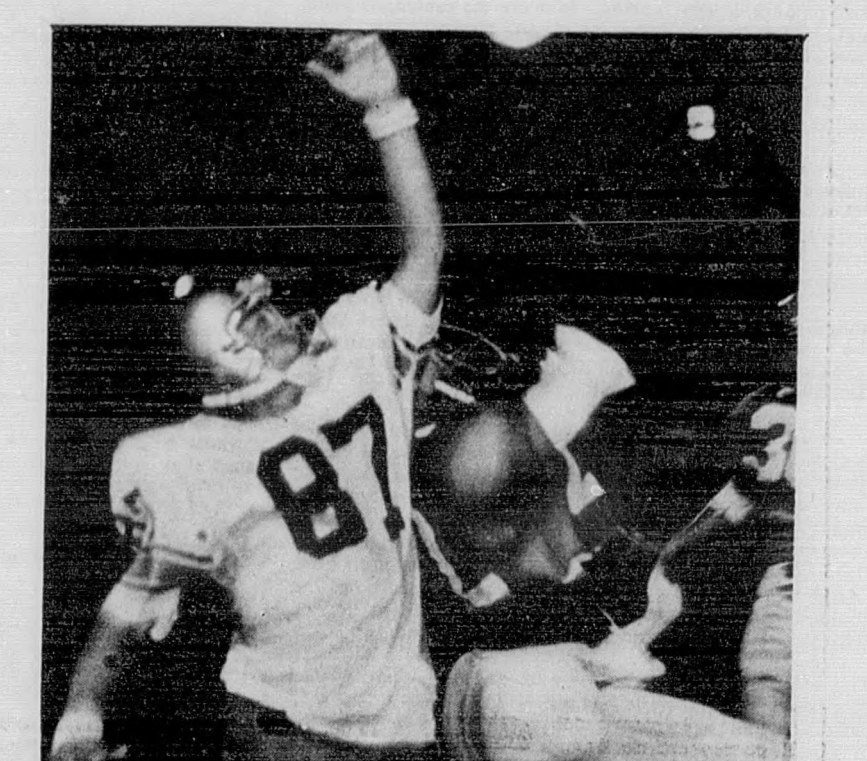

Ted Horstead gained 39 yards in 14 carries to lead Elba, while Bobby English added 22 yards and Derrick Boutwell got 21. Chris English caught 5 passes good for 63 yards. Pacing the Tiger defense were Eddie Coleman (10 tackles and 1 assist), David Sutley (5 tackles and 3 assists), Doug Daniels (5 tackles and 2 assists) and Ted Horstead (3 tackles and 4 assists).

## Cerebral Palsy To Have Shows

The Wiregrass Chapter of United Cerebral Palsy is kicking off its 1980-81 campaign with two big shows to be held on October 18, at the New Brockton Farm Center. The first show - to start at 7:00 P.M. - is a country music show with stars from the famous "Ole Taylor Made Opry." Rod Thompson's South Henry Band will be playing for the show and will be backing performers like Carol Jo Young from Chipley, Florida, Little Robert Hamack on his horn, and Alton Clark bringing back old favorites by Hank Williams. Rod, who recently recorded an album in Nashville, will be singing your favorite contemporary country songs.

Mat Morrow, an 8-year-old wonder from Elba, does an amazingly grown-up comedy act and he will entertain at 8:30. Beginning at 9:00 P.M., we'll have an old-fashioned gospel sing. Appearing will be The Dyess Family, loved and respected in gospel music for over 20 years. The Prodigals, a ten man group from Montgomery, The Singing Witnesses and The Singing Evangelists, from Dothan, and The King's Four from Elba.

One ticket at \$3.00 for adults and over 12 and \$1.75 for children 4-12 will get you in to see and hear both shows. Kids under four will see it free!! So come, support a real need in our own community and see a great family music show!! October 18 - 7:00 until - New Brockton Farm Center - sponsored by United Cerebral Palsy of the Wiregrass, Elba, Alabama.

## BPW Has Foundation Night Program

Eight members attended the Business and Professional Women's Foundation Night Program recently. Bettye Adkinson presented the program previewing the Foundation.

The BPW Foundation is a non-profit research and education organization headquartered in Washington, D.C.

Career Advancement scholarships are given for both academic and vocational study, to both part-time and full-time students. Special loan funds have also been established for women students in engineering and business.

The Foundation also sponsors education through seminars and workshops. These are held throughout the country and reach thousands of women and men each year.

Financial support comes from BPW member dues and contributions, and from corporate and foundation grants.

Those members enjoying the Foundation Program meeting were Carrie Jacobs, Bettye Adkinson, Jane Morrow, Myrtle Sellers, Jessie Taylor, Mable Lawless and Gussie Smart.

## Elba City Council Votes Three Tax Increases At Monday Meeting

A record high budget, three tax increases and no action on another at Monday night's Elba City Council meeting were only part of an action-packed meeting before a full house.

Mayor Bob English presented a budget of \$1,042,090, compared to the \$898,372 planned for last year. English pointed out, however, that is only \$12,000 above actual expenditures last year. He noted that the tax increases he proposed were bare minimums and were needed due to increases in debt service and completion depletion of cash reserves. "We just don't have any money."

Included in the package passed by the Council was an additional 50 cents per month on garbage; 75 cents per month on sewage (both residential increases) while commercial charges will be increased by the same percent but slightly more than the above figures; an additional 2 cents per pack on cigarettes, cigars and other tobacco products.

English proposed a use tax also, but the Council tabled this action until the members had had time to discuss it with those most affected by the tax. Mr. James Grimes of the Alabama Department of Revenue explained that all the surrounding towns have this tax, and the major effect would be felt by home

builders and industry that buy their supplies outside of Elba.

Councilman David Stokes wanted to give those opposed a chance to voice their feelings before "cranking it down their throats." Councilman Sonny Inman suggested passing the budget as submitted and then changing any part found undesirable. Inman also questioned the use of a full-time building inspector, with no more building going on than at present.

The Council will meet Monday night at 6 p.m. to discuss the use tax.

Several appointments were made, led off by the naming of Attorney Mark Vaughan as City Attorney. Former City Attorney Gareth Lindsey had resigned and suggested that one of the younger attorneys in town fill the position.

Chairman Charles Hayes and Board member Oscar Vaughan were re-appointed to the Water and Electric Board. Hayes' term expired this month and Vaughan's had expired in 1978. Both would have been able to continue serving until a replacement was named.

City Clerk Jack Prescott and Councilman Cleo Hawkins were named to serve on the hospital committee. The committee is working to make the

Evergreen Cemetery a perpetual care facility and has about 65% of the funds

necessary for this.

City Engineer Jim Williams reported he had set up priorities in the street department and would start with the things needing to be done the worst. He pointed out that the wholesale price the city was paying for gas was higher than he could be bought at the pumps, he felt. He also noted there would be no loss from unauthorized pumping, and the salary of one person could be eliminated.

Williams also noted much mechanic work was being done outside the city barn and if Elba wasn't equipped to make the repairs, all of it should be done outside, or qualified people and equipment acquired. He noted that this also could eliminate purchase of parts that don't always get in the city meeting. No action was taken at the

Police Chief Ray Norris submitted a list of cases filed from August to October; commended the councilmen for their support and received praise from both the mayor and the council.

Bids were opened on a heating and cooling unit at the public library but no decision was made on purchase or repair.

Bob Tolbert of Gulf Cable TV addressed the Council and requested

approval for the sale of their local cable system to Storor Communications which operates cable systems in 18 states. Target date for the merger of the two systems is November 6.

State Manager Ray Clemons was present and answered questions from the Council. Mayor English told the two "We face the people every day and are not going to be unreasonable, but we expect you to service all our people."

Mike Parrish, representing the local go-kart racers, addressed the Council and requested permission to construct a new and more permanent facility in Elba. He pointed out the large number of participants and the attraction to out-of-town people. The group wants to qualify under the World Kart Association (WKA). It would include a better track, concession stand, fencing, rest rooms and seating, along with better lighting. Parrish pointed out that the group had turned in \$3692.59 in profits in ten weeks, and the cost of the improvements would only be \$6,000.

English said he felt the city needed to look for another site for the kart track, as this was prime industrial property (across from the airport). He appointed three councilmen to a committee to meet with the kart group, Jaycee Bluegrass committee and Racing

Horse Association to see if a site can be found to serve the needs of all three groups and be a permanent facility, with the city buying the land.

Mrs. Candice Goodson of the Mental Health agency in Andalusia appealed to the Council for \$4321 and noted the agency received \$2,000 last year. She noted the agency had about 70 employees and a budget of over 1 1/2 million dollars.

Police Chief Ray Norris reported to the Council that the department could get a 50-50 grant for the purchase of a motorcycle and it would save gas. He was given permission to pursue this project.

English noted the many requests for donations, and his opinion was that no tax money should be used for this. When a councilman pointed out there was none allowed for in the budget, the matter was closed.

A resolution was passed requesting the Water and Electric Board to transfer any extra funds in their accounts to the city and to transfer \$5,000 each month during the coming year. It was noted that these figures were included in the budget passed earlier in the evening.

## Broiler Growers Vote To Strike Cooper Talks To Employees Tuesday

The Wiregrass Poultry Association voted Tuesday night to go on strike against Conagra. Spokesman for the Association said that pickets were posted Wednesday morning at the dressing plant, feed mill and both the hatcheries in Enterprise and Luverne.

According to information released by the Association, they have 116 of the 182 growers as members. About 80

were present at the meeting Tuesday night. They plan to refuse to accept more biddies until a new contract is signed, and those with chicks now will join the strike as soon as the present batch is grown off.

One member said that, if necessary, the growers could give the company a timetable by which they would get their chicks out of the houses, even if they were not grown.

In his talk, Cooper said, "Until we get all the fraud out of our programs, we will never get the respect of the general public or develop the clout we need in the legislature." He also urged the employees to join one of several professional organizations of social workers.

Cooper said his department would resist transfer of the child support cases to the District Attorney's office, as had been proposed by some officials.

## National Security Increases Dividend 5th Time In 3 Years

The Board of Directors of National Security Insurance Company announced a 12.5% increase in its semi-annual cash dividend to \$1.18 per share compared with the previous semi-annual dividend of \$1.16 per share. This dividend marks the second consecutive dividend increase in the last twelve months and the fifth dividend increase in the last three years.

In making the announcement, J.R. Brunson, President, said "With an indicated dividend rate of \$3.6 per share, National Security Insurance Company has increased its dividend rate 360% in the last three years. The latest increase in an indication of the Company's continued financial strength. Further, it is indicative of our continued confidence in the long-term earning power of the Corporation."

Results for the third quarter and nine months ended September 30, 1980 will be reported in approximately three weeks, according to Mr. Brunson. With its home office in Elba, Alabama, National Security Insurance Company sells a complete line of life,

fire and casualty insurance policies. Its shares are traded in the Over-the-Counter market under the NASDAQ symbol NSIC.

Today, W.E. Walker Stores (Bill's Dollar Store) employ 2500 people in eleven states in 400 stores. They still serve small towns by selling good merchandise at a bargain, just like that Army surplus store in Columbia.

The company has come so far so fast that it might even be amazing to W.E. Walker, Sr. But nothing contributes to success better than a good idea, and with Walker management's continuing emphasis on carefully-planned growth, the end is nowhere in sight.

## Courthouse Is Open Saturday

During the month of October the courthouse will be open on Saturday's till noon for the buying of Privilege license. Also available will be the voting machine for practice voting.

Beginning November 1, 1980, a fee of \$15.00 will be charged for use of the recreation building located on the Troy Highway. Also, an additional \$25.00 deposit will be made by the user for cleaning of the building. If the building is found to be in satisfactory condition after use, the \$25.00 deposit will be refunded.

There will be a broom and mop available for use of cleaning the building.

## Success Marks History Of Dollar Store

In 1919, when William E. Walker, Sr., opened his first Army surplus store in Columbia, Mississippi, he resolved to sell necessities priced for the benefit of the consumer. That basic idea still guides the company he founded.

Walker's chain of surplus stores had grown to 16 by the time of his death in 1949. When his son, W.E. "Bill" Walker, Jr., assumed command, he continued to develop small stores in small towns, bucking the trend toward bigger merchandising in the large cities.

Today, W.E. Walker Stores (Bill's Dollar Store) employ 2500 people in eleven states in 400 stores. They still serve small towns by selling good merchandise at a bargain, just like that Army surplus store in Columbia.
